Being a member of **Norsemen FC** is affordable because everything is run by the Committee working together on a voluntary basis to organise the football and manage section as a part of Edmonton Sports & Social Club who are our parent club. The bar and pitches are run by ESC and essential tasks are required on match days such as setting up or taking down goals and clearing up the pitches, changing rooms or the bar of which our subscriptions form a part of.

By joining or renewing your membership, you agree to always do your best to help other members with club tasks or take the lead yourself.
